February 2019 Update

Human Resources:

Update on PERS for Elected Officials:

Special requirements must be met before an elected official can be reported to a retirement system, even if the member was previously a plan member. In order to receive any service credit the elected official would need to earn at least 90 times the state minimum wage in each month. For example in 2019 the individual must be compensated for a minimum of \$1080.00 per month.
