1. Depiction of Emergency Kit
 2. Listing contents of the Emergency Kit

REQUESTED ACTION: Receive presentation from the Monroe School District regarding Emergency Kits; ask questions and/or provide feedback; and consider the request from the Monroe School District for a Support Resolution.

POLICY CONSIDERATIONS

DESCRIPTION/BACKGROUND

In February 2018, the City Council asked for information on the proactive actions the Monroe Police Department and School District are taking to maintain safe schools.

The Monroe School District includes five elementary schools, two middle schools, two high schools (Monroe High School and Leaders in Learning), and the Sky Valley Education Center. Three schools, Chain Lake Elementary, Hidden River Middle School, and Maltby Elementary, are located outside the City limits. The School District serves over 6,950 students.

The Monroe School District and City staff regularly meets to discuss school safety. The School District is asking the City to support the distribution of these kits to every classroom.

FISCAL IMPACTS

There is no fiscal impact to the City. The Monroe Public Schools Foundation will be raising funds for this project.

TIME CONSTRAINTS

The Monroe Public Schools Foundation is looking to promote the campaign to raise funds as soon as possible and would like the City’s support as part of that campaign.

ALTERNATIVES

- Take no action.
- Request additional information for the Monroe School District.
- Consider support/opposition.
