## 2016 Budget

Tjerne Groundbreaking

**NOTE ON 2016 BUDGET COVER PAGE IMAGE:**

*For 2015, the City Council, staff, and I, initiated and completed a number of significant projects in Monroe. Among these significant projects were: a \$1.9 million renovation of downtown's streetscape in the vicinity of Lewis and Main Streets, beginning work on the Tjerne Place connector between Chain Lake and Woods Creek Roads, contributing to an investment at Monroe High School for synthetic turf ballfields, and completing a number of smaller significant capital projects. Council, staff, and I have remained supportive of, and contributed in different ways to, a number of events in Monroe. The preceding cover page image of this 2016 Preliminary Budget represents just a sampling of the projects and activities from 2015. I look forward to our community's continued work into 2016.*

*~ Mayor Geoffrey Thomas*

October 1, 2015

Honorable City Councilmembers and Residents of Monroe:

I am pleased to present you with a balanced 2016 Preliminary Budget. This preliminary budget was developed in September 2015. As a result, refinements to the preliminary budget may be necessary to reflect actual revenues, expenditures, and adjustments in priorities that may occur between September and December 2015. City staff and I look forward to working with you to finalize the 2016 Budget.

I thank you in advance for your review and consideration of this preliminary budget. I thank City staff for their hard work to develop a balanced 2016 Preliminary Budget within the resources we have.

Monroe is an active, vibrant community. Residents, business owners, non-profits, government agencies, City staff, and elected and appointed officials volunteer time and resources to enhance our community. Because of these efforts, and other opportunities unique to Monroe, our community continues to be a place to build homes, raise families, work, have a business, recreate, and visit.

We have much to be thankful for; we have much to celebrate:

- ***Monroe is a place where people want to live and raise families.*** Building on a trend from 2014, 2015 saw continued growth in residential development. As of September 2015, the City Council has approved three preliminary plat applications totaling 167 lots. In addition, three new preliminary plat applications, totaling 194 lots, were submitted to the City in 2015. Building permits were issued for 39 single family dwellings and four multifamily dwelling units. In many of these homes people will raise their families; the average household in Monroe (2.94 persons) is larger than in Snohomish County (2.62) and the State of Washington (2.52), suggesting that more people choose to raise their children here than in other areas of Snohomish County or the State.
- ***Monroe is a place to start and grow your business.*** 2015 saw continued business investment in our City, including:
  - a. Tractor Supply started construction of a new 22,000 square foot building near the intersection of US 2 and Roosevelt Road.

**THE ADVENTURE  
STARTS HERE!**

City of Monroe  
806 West Main Street, Monroe, WA 98272  
Phone (360) 794-7400 Fax (360) 794-4007  
[www.monroewa.gov](http://www.monroewa.gov)

- b. Carl's Jr. submitted permit applications for a new fast food restaurant.
- c. Canyon Creek Cabinet Company submitted applications to expand their building by 25,000 square feet.
- d. New businesses located in existing tenant spaces and made improvements; including the new Route 2 Taproom located in the Monroe Plaza and the new El Lago restaurant located in the Lake Tye Building.
- e. Interior renovations at the EvergreenHealth Monroe Hospital Campus.

In addition to these, in 2015 there was significant focus on rebuilding the downtown corridor at the intersection of Lewis and Main Streets by creating the Main Street Plaza. This pedestrian friendly area provides wider (15 foot) sidewalks on Main Street, giving businesses the ability to use this space for outdoor dining and product marketing. The City Council adopted a downtown fee waiver program to encourage new private investment in the downtown area. New businesses have opened and existing businesses have made, or are in the progress of making, improvements.

- ***Monroe is a destination for tourism and events-The Adventure Starts Here!***  
In 2015, our City worked with stakeholders to support events bringing over 600,000 people and approximately \$26.8 million in economic revenues to our community. These events included: Music in the Park, the Fair Days Parade, the Evergreen State Fair, two wakeboard events, a new farmers' market, Movies Under the Moon, Tri-Monroe USA Triathlon, Lake Tye Triathlon, USA National Ultimate Frisbee Tournament, NSA Western World Series, theater at the Wagner Arts Center, and Speed Week at the Evergreen Speedway.

In 2016, tourism and events will continue to grow with the new Meadow Wood Equestrian Center, development of H3O's cable wakeboard park, and an upgrade to Lake Tye Skate Park. The Parks and Recreation Department is poised to host and support community events and programs for 2016, including returning events and maintaining and improving our 200 plus acres of parks, trails, and streetscapes.

Capital parks improvements in 2015 included: resurfacing of the athletic courts at Lake Tye Park and Wales Street Park, installation of new infield surfacing for the six ball fields at Sky River Park and Lake Tye Park, replacement of the safety surfacing for playground facilities throughout the parks system, and the design phase for a complete upgrade of Lake Tye Skate Park.

New capital parks improvements for 2016 include: construction of the Lake Tye Skate Park upgrade – matched with a \$120,000 State grant award, master planning for the Cadman Pit site adjacent to Sky River Park, realignment of the entry to Fairfield County Park in partnership with Snohomish County, new safety netting and fencing for ball fields, and design and construction of upgrades to the building at Lake Tye Park to meet growing event venue facility demands.

Our 2015 Comprehensive Plan Update builds on Monroe serving as a destination for tourism and events by calling for better connections between our downtown and the Skykomish River, and by connecting our City to the regional trail network westward to the Centennial Trail (in Snohomish) and southward to the

Snoqualmie Valley Trail (in Duvall). Two of the challenges our community faces, however, are to: expand lodging opportunities, and to develop synthetic turf athletic fields; both to keep Monroe competitive at drawing tourism and events, and to serve Monroe's residents.

- **Monroe is a job creator.** Over 1,000 more people come to work for Monroe employers than commute outside of Monroe every day. This number is expected to increase as employers continue to grow their workforces and the City continues to market retail property it owns for new businesses.

Into 2016, our City will continue to promote the benefits of owning and working for businesses in Monroe. Among these benefits, the City is located at a transportation hub consisting of State Route 203, State Route 522, and US 2. Further, people commuting to Monroe typically experience a "reverse" commute to traffic headed from Monroe to work centers in Everett, Seattle, and the Eastside.

- **Monroe is being proactive with law enforcement and public safety.** In 2015, the two officers hired through the public safety sales tax (0.1 percent sales tax) have graduated from the police academy. Monroe's police services take a proactive role in community policing. The department continues to meet monthly with the retail theft group, exchanging information and ideas. The department has also assisted businesses in ways to report and manage aggressive panhandling in parking lots. In addition, there has been an increase in the number of Block Watch programs as the department has encouraged and trained neighborhoods to work together to promote public safety.
- **Monroe starts its own Municipal Court.** In 2015, Monroe started its Municipal Court. In the first three quarters of 2015, the Honorable Judge Mara Rozzano, and her staff, processed more cases than in all of 2014, with 486 criminal cases and 2,605 infractions. Through the assistance of the Police Department, the Court has seen 149 inmates transported for hearings. To help relieve the burden this places on law enforcement, the Court is looking into Video Court for in-custody hearings.

The goal of the Court is to contribute to the quality of life in our community by advancing the causes of justice fairly and impartially. To that end, Judge Rozzano has begun offering credit towards the payment of non-mandatory legal financial obligations for community service hours and/or obtaining a GED certificate; and she is investigating the possibility of a community court for minor offenses. Her goal is to get people out of the system, more committed to their community, and make Monroe an even better place to live and do business.

- **Monroe is where stakeholders work together to get things done.** Relationships with other organizations, including the Monroe School District, Everett Community College, Monroe Chamber of Commerce, and Evergreen State Fairgrounds, continue to flourish. In 2015, the City contributed up to \$100,000 toward developing synthetic turf ball fields at Monroe High School. In 2016 the City will continue to work with its partners to co-invest time and resources to the betterment of our community. Together, we achieve more for Monroe than if we work alone.

- **Monroe plans for the future.** The State Growth Management Act requirement to update our Comprehensive Plan brought with it an opportunity to work with our citizens in the long-term (i.e. 20 year) planning for growth and development. A community vision, and goals and policies to support that vision, have been developed. 2016 will bring more work to amend our zoning, subdivision, and critical areas codes to implement this vision. Adoption and implementation of required updates to the International Building Codes will also occur in 2016 to ensure our building codes are consistent with State law and safe construction practices.
- **Monroe is a city that balances its budgets.** While optimistic about our future revenues, we balance our budget on reasonable estimates of revenues and expenditures. For 2016, I directed staff to develop a status quo preliminary budget. This preliminary budget does not include tax increases or increases in staffing levels within the unrestricted portion of the General Fund.

The five-year forecast projects growth in revenues that can sustain a status quo level of service. In 2016, we will discuss whether the five-year forecast meets Council's expectations for level of service delivery in future years.

### **2016 Preliminary Budget**

When the 2016 Budget Instructions were sent to City departments, it was anticipated that gains in sales tax revenues in 2016 would be offset by losses in previously approved interfund transfers and one-time revenues. With these in mind, the 2016 Preliminary Budget Instructions to City departments was to deliver a "status quo" budget request for their departments to the Finance Director by the end of August 2015.

Over the month of September 2015, the City Administrator, Finance Director, department heads, and I, worked to bring the preliminary budget into balance. The following is a summary of the results of the work that is the 2016 Preliminary Budget.

#### **General Fund**

For the General Fund, the overarching goals of the 2016 Preliminary Budget were to:

1. Balance on-going costs with reasonable estimates of on-going revenues and without increasing property taxes;
2. Use one-time transfers and revenues to only cover one-time expenditures;
3. Refund the Contingency Fund to meet the Reserve Policy; and
4. Reasonably project a five-year General Fund forecast without a structural deficit; that is, with projected revenues above expenditures.

#### **2016 Preliminary Budget, General Fund**

1. Revenues. While reasonable forecasts are made for increased revenues from retail sales tax, those increases in revenue are off-set by reductions in specific State revenues, reductions in transfers from other City funds, and increases in costs from new requirements. These fiscal realities are included in the 2016 Preliminary Budget.

2. Expenditures. The 2016 Preliminary Budget has increased expenditures by 6.62 percent as compared to the approved 2015 Budget.
3. Ending Fund Balance. The General Fund's 2016 undesignated ending fund balance is just over \$126,473.
4. Contingency Fund. The 2016 Preliminary Budget does not refund the Contingency Fund, which would require approximately \$481,685. The Reserve Policy requires this fund be refunded unless doing so would adversely affect operations. After careful review, the Mayor and staff have determined that refunding the Contingency Fund in 2016 would adversely affect operations and service delivery.

### **2016 Preliminary Budget, General Fund Personnel**

As in 2015, all positions that become vacant in 2016 will be evaluated for need and availability of on-going revenue to support the position before deciding to fill the vacancy.

Only one position approved in the 2015 Budget will not be funded in the 2016 Budget: Staff Accountant – a savings of \$85,000.

### **Economic Development**

The Mayor and City Council are committed to promoting economic development and understand that a growing business community is essential when it comes to sustaining a healthy and prosperous City. Business development generates tax revenue to finance services and enables the City to maintain low tax rates. Supporting businesses and encouraging new development also provides local residents with employment opportunities close to home.

Because of this, the 2016 preliminary budget makes economic development, and delivering on our promise of being “open for business,” a high priority. Community Development staff will be working to eliminate unclear and outdated permitting and other code requirements that cause unnecessary delay on business development. Permit forms and handouts will be revised for clarity and ease of use. Processes will be revised to make our permitting procedures seamless for the customer.

The 2016 budget includes funding to support downtown revitalization. Building on the public investment with the widening of sidewalks on Main Street, the 2016 Preliminary Budget includes funds to work with stakeholders committed to forming a self-sufficient downtown “Main Street” type organization. This organization will use a national model for successful downtown revitalization to create an environment where downtown businesses can be entrepreneurs and succeed.

The 2016 preliminary budget also includes the Downtown Events and Art Mini-Grant Program. Through this program, the City will partner with organizations that hold events that promote downtown. Also, through this program, the City will partner with organizations interested in installing durable artwork downtown, such as a sculpture in the corner “bulb outs.”

**North Kelsey Debt**

City staff, Council, and the Mayor continue making progress on marketing and selling properties that the City owns. Property sales are not budgeted in the 2016 Preliminary Budget due to the uncertainty in timing. They will be recognized as they occur. The City refinanced the \$4.1 million in North Kelsey debt in 2015, and is poised to pay this off as the land sales occur.

**The Street Fund**

In 2014, Monroe voters approved two-tenths of one percent (0.2%) sales tax increases for the next ten years to go toward road preservation. Funds have been collected throughout 2015 and are now sufficient to begin rehabilitating streets in 2016. This money will partially be used to leverage grant funds from the State of Washington to repair even more roads than would be possible using the sales tax alone.

**The Utility Funds**

As part of the Utility System Plan Update completed in conjunction with the 2015 Comprehensive Plan Update, the utility rates and rate structure were analyzed. As a result, water and stormwater utility rates will rise in 2016. However, due to the proposed changes to the rate structure, some customers will see lower utility bills while others will have higher bills.

**Capital Improvement Projects**

Capital improvement projects are funded by grants, impact fees, real estate excise tax revenues, proceeds from revenue bonds and the Transportation Benefit District (TBD). These funds are typically not allowed to be used for operations. Capital projects budgeted for 2016 are as follows:

<b>Project</b>	<b>Type</b>
Wastewater Treatment Plant Energy Conservation Improvements	Sewer
179th Rail-at-Grade Pedestrian Crossing	Streets
Downtown Gateway	Streets
Fryelands Rail-at-Grade Pedestrian Crossing	Streets
Main Street Sidewalk	Streets
Pavement Preservation	Streets
Tjerne Place Extension	Streets
Woods Creek Road Multipurpose Path	Streets
132nd Street SE Water Main Replacement	Water
182nd Avenue SE and 154th Street SE Water Main Replacement	Water
Graden Subdivision Water Main Replacement	Water

The 2016 Preliminary Budget and its projections are based on information available in early September 2015. As done every year, our staff will update Council on recommended changes in the 2016 Preliminary Budget projections as actual revenues and expenditures are realized and as adjustments in Council priorities occur from September through December 2015.

City staff and I look forward to working with our residents and Councilmembers to respond to questions and to update and improve the 2016 Preliminary Budget. Thank you in advance for your input, review, and consideration.

Respectfully,

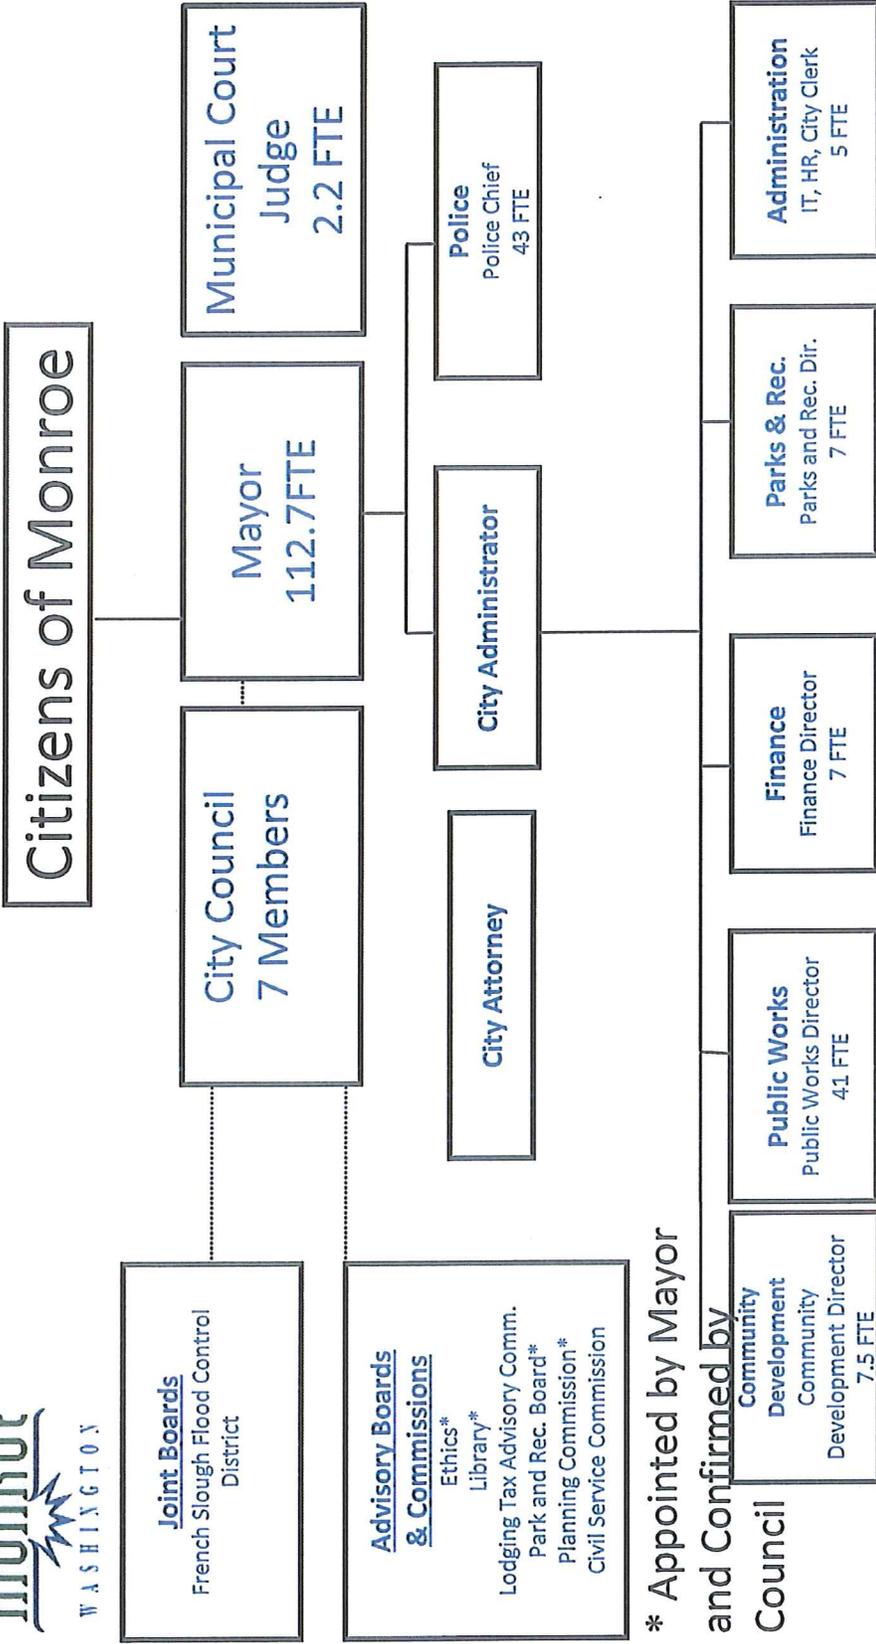

A handwritten signature in black ink, appearing to read "Geoffrey Thomas". The signature is fluid and cursive, with a large initial "G" and "T".

Geoffrey Thomas, Mayor
