| 8:00 p.m. | Adjourn | All |

Sounding Board Purpose

Over the past several years Monroe has experienced increasing growth with new local businesses opening and more people moving into the area. Additionally, the COVID pandemic has presented Monroe with new challenges that are not yet fully understood. To better understand current community priorities and needs the City is completing a citywide visioning process that will culminate in the development of a mission statement, vision statement and core values. These documents will form the foundation for policymaking, budgeting, land and infrastructure planning, and programing for the next thirty years. To ensure this process equitably reflects all voices in Monroe, the City has convened a Sounding Board of representatives with a variety of lived experiences to work together to identify community priorities and needs, and recommend a revised mission statement, vision statement and core values to the Monroe Mayor and City Council.
