
Mission

Protecting and enhancing the natural beauty of Monroe through the development of a vibrant system of parks, open space, and trails. Providing residents of all age's positive opportunities for recreation and social gathering in clean, safe, accessible, and inclusive facilities and green spaces. Enhancing health, quality of living, and the natural environment for present and future generations.

Department Update

Operations

In July 2025, the Parks Department maintained a strong focus on both routine maintenance and special event support. Independence Day preparations included placing firework signage, locking gates, and coordinating early and overtime staffing. A portion of early July was spent demoing the old Currie View Playground, a project successfully completed by the Public Works Department. They did an excellent job,

and the Parks Department will complete the planting of grass during the fall growing season. Music in the Park at Lake Tye required weekly preparation and late shifts every Friday, with teams coordinating stage and event setup, signage, and grounds maintenance to support the events. Routine duties continued throughout the month, including mowing medians, performing irrigation system repairs,

playground safety inspections, and addressing vandalism by ordering parts and making necessary repairs.

Crews also inspected for unauthorized camps and removed them through our camp removal policy. Staff scheduling fluctuated due to vacations, sick leave, and the departure of two seasonal employees at the end of the month. Despite these challenges, the team maintained a high level of service across the city's parks and event operations.

The third annual Lake Tye Science Day took place on Saturday July 19. This event is a partnership between Snohomish Conservation District and the City of Monroe's Environmental Services Program. The event's purpose is to educate children about Monroe's local streams and lakes. Activities included science demonstrations, hands-on activities, and games about the many ways we can keep our water clean. Perfect for kindergarten through 5th grade students. There were 155 online registrations and 92 day-off attendees.

Music in the Park returned this year with three concerts. The first band was changed to the Stacy Jones Band due to a late cancellation. The second concert was Jackie and the Holograms and community favorite Hair Nation returned for the third concert. Please see the enclosed pdf for the origin of attendees.

Parks Quarterly Newsletter Update

Beginning in April 2024, the Parks & Recreation Department launched a quarterly newsletter, our most recent being sent out July 1. This is a newsletter targeted to readers interested in everything parks. With topics including news, park projects, volunteer opportunities, events in our park, and even a fun fact related to our parks. So far this has been a successful venture. It is currently being sent to 167 recipients and has a 68.1% open rate. We plan to continue this outreach and grow our audience.
