## 2025 HAZARD MITIGATION PLAN COMMUNITY SURVEY

[Snohomish County Department of Emergency Management](#) is updating the community's Hazard Mitigation Plan and needs your help. Please find a few minutes to complete a brief online survey:

[https://bit.ly/snoco\\_hazard\\_survey](https://bit.ly/snoco_hazard_survey) This survey was created to invite Snohomish County residents to give input into the planning process.

The information submitted will assist the Snohomish County Department of Emergency Management in countywide hazard mitigation planning. Mitigation is an action taken to reduce the loss of life and damage to property by lessening the impact of disasters before they occur.

By answering before Sept. 30, 2025, you will assist planners in better understanding:

- What natural and human-caused hazards exist in your corner of Snohomish County.
- What hazards concern you the most.
- What hazard mitigation projects and activities should be prioritized.

If you have any questions or additional comments about the project, please reach out to the planning team at [DEMPlanning@snoco.org](mailto:DEMPlanning@snoco.org)
