

# Reduce Your Risk. Protect Your Future.

The SBA mitigation option can fund projects to reduce future risk for your home or business.

## Loan Approval

As an approved applicant, you can request an increase to your SBA loan to fund the mitigation option.

## Consider Risk Reduction Projects

Below are examples of eligible projects that can help protect your property and reduce damage from future disasters.

## Protect What Matters Most

Mitigation upgrades can reduce disaster impacts, helping protect your home or business and future.

## Reduce Your Risk

Visit [MySBA Loan Portal](#) to message your case manager or call 800-659-2955 to get started.
