BOUNDARY LINE REVISION (SEPA EXEMPT)

MMC CHAPTER 22.68.060 / CHAPTER 22.84

The Boundary Line Revision process is a mechanism by which the city may approve the alteration of boundary lines between subdivided or unsubdivided lots or both, where such a revision does not create any additional lot, tract, parcel, site, or division nor create lots which are nonconforming or more nonconforming than exists.

This checklist is to determine completeness of a submittal.
It does not verify the accuracy of materials received.

PRE-APPLICATION MEETING:

The purpose of a pre-application meeting is to provide an opportunity for initial feedback on a proposed application. The pre-application meeting is used to discuss the proposal and associated permit requirements, including the review process and fees, proposed plans, and applicable policies and regulations. Please note that a pre-application meeting is **HIGHLY ENCOURAGED** for Type II permits (**BOUNDARY LINE REVISION**). Pre-application meetings are nonbinding, and shall not prevent the city from enforcing all applicable codes, ordinances, and regulations in effect at the time of application. If you have any questions about what is required, or if you would like to schedule a pre-application meeting, please call the Community Development Department at 360-863-4501.
